

DIRECTORS' PROFILE, ADDRESS & OTHER DIRECTORSHIPS

Muntasir Usmani
Non - Executive Director

Mr. Muntasir Usmani completed his Master in Science in Physics from University of the Punjab in 1978.

Mr. Muntasir Usmani (Son of Pirzada Abdul Muqtadir Usmani) began his career in the Water & Power Development Authority (WAPDA), Pakistan, in 1982 as an Assistant Research Officer. In 1996, he was promoted to the position of Research Officer. From November 2000 onward, he served as a Research Officer in the Surface Water Hydrology Project, where his responsibilities included the collection, supervision, and analysis of meteorological data for application in water resource projects.

Mr. Usmani retired from WAPDA in 2008 after 26 years of dedicated service.

In the past from (1982-85), he remained involved in Flood Forecasting & Warning System of Wapda and from 1985-2000 he worked for Pakistan Snow & Ice Hydrology Project (SIHP) phase-1 and phase-II, a joint venture of IDRC, British Columbia Hydro International Canada and Wapda Pakistan with strong Hydro meteorological data communication system.

He also remained associated in establishing, operation and maintenance of meteorological data collection platforms (DCP) in the northern region of Pakistan at very high altitudes. Moreover, he also remained actively involved in establishing the Meteor Burst Communication System, an electronic system for the collection of Hydromet data.

In addition to above Mr. Usmani worked for BC Hydro consultants like Les Parmley, Catherine Roome, Validimir Plasa, and Bill Thompson as a counterpart from WAPDA under the supervision of Dr Warren Bell. In this regard a certificate of meritorious performance was awarded twice to Mr. Usmani on his achievements for this project by BC Hydro.

He had also attended various professional courses and conferences in different parts of the world.
